

# EXPOSING THE ORGANIZATION & FINANCIAL LINKS OF ANTISEMITIC & PRO-HAMAS GROUPS

RESEARCH REPORT BY COALITION FOR A SAFER WEB

## OVERVIEW:

On October 7th, the Democratic Socialists Of America (DSA) posted a flyer online promoting an event to show its solidarity with Hamas in Times Square. The event hosted speakers from radical antisemitic organizations such as Within Our Lifetime, Decolonize This Place, and Students Justice For Palestine. The event was supported by The Council For American Islamic Relations (CAIR), Palestinian Prisoner Solidarity Network (Samidoun), and The Soros Open Society Foundation. The protest marched toward the Israeli Consulate, where radicals and young Muslim Immigrants waved Nazi signs and celebrated the death of 1,200 Israelis.

Five months have passed since the October 7th massacre and the protests have only gotten worse. On February 12th, the protester network blocked three different entrance points to Manhattan at the same time - an attempt to hold New York City hostage. The main organizers of each group are openly antisemitic (Nerdeen Kiswani, Amin Husain, Linda Sarsour). They are targeting Jewish-owned businesses, municipal buildings with Jewish donors, and are encouraging their followers to target Jews where they work and where they live.

The protester groups have already attempted to storm the entrance of the NY-Times headquarters, 15 synagogues received false bomb threats on Dec 1st, and these actions have been repeated across the U.S. by affiliated organizations.

Sponsor logos example

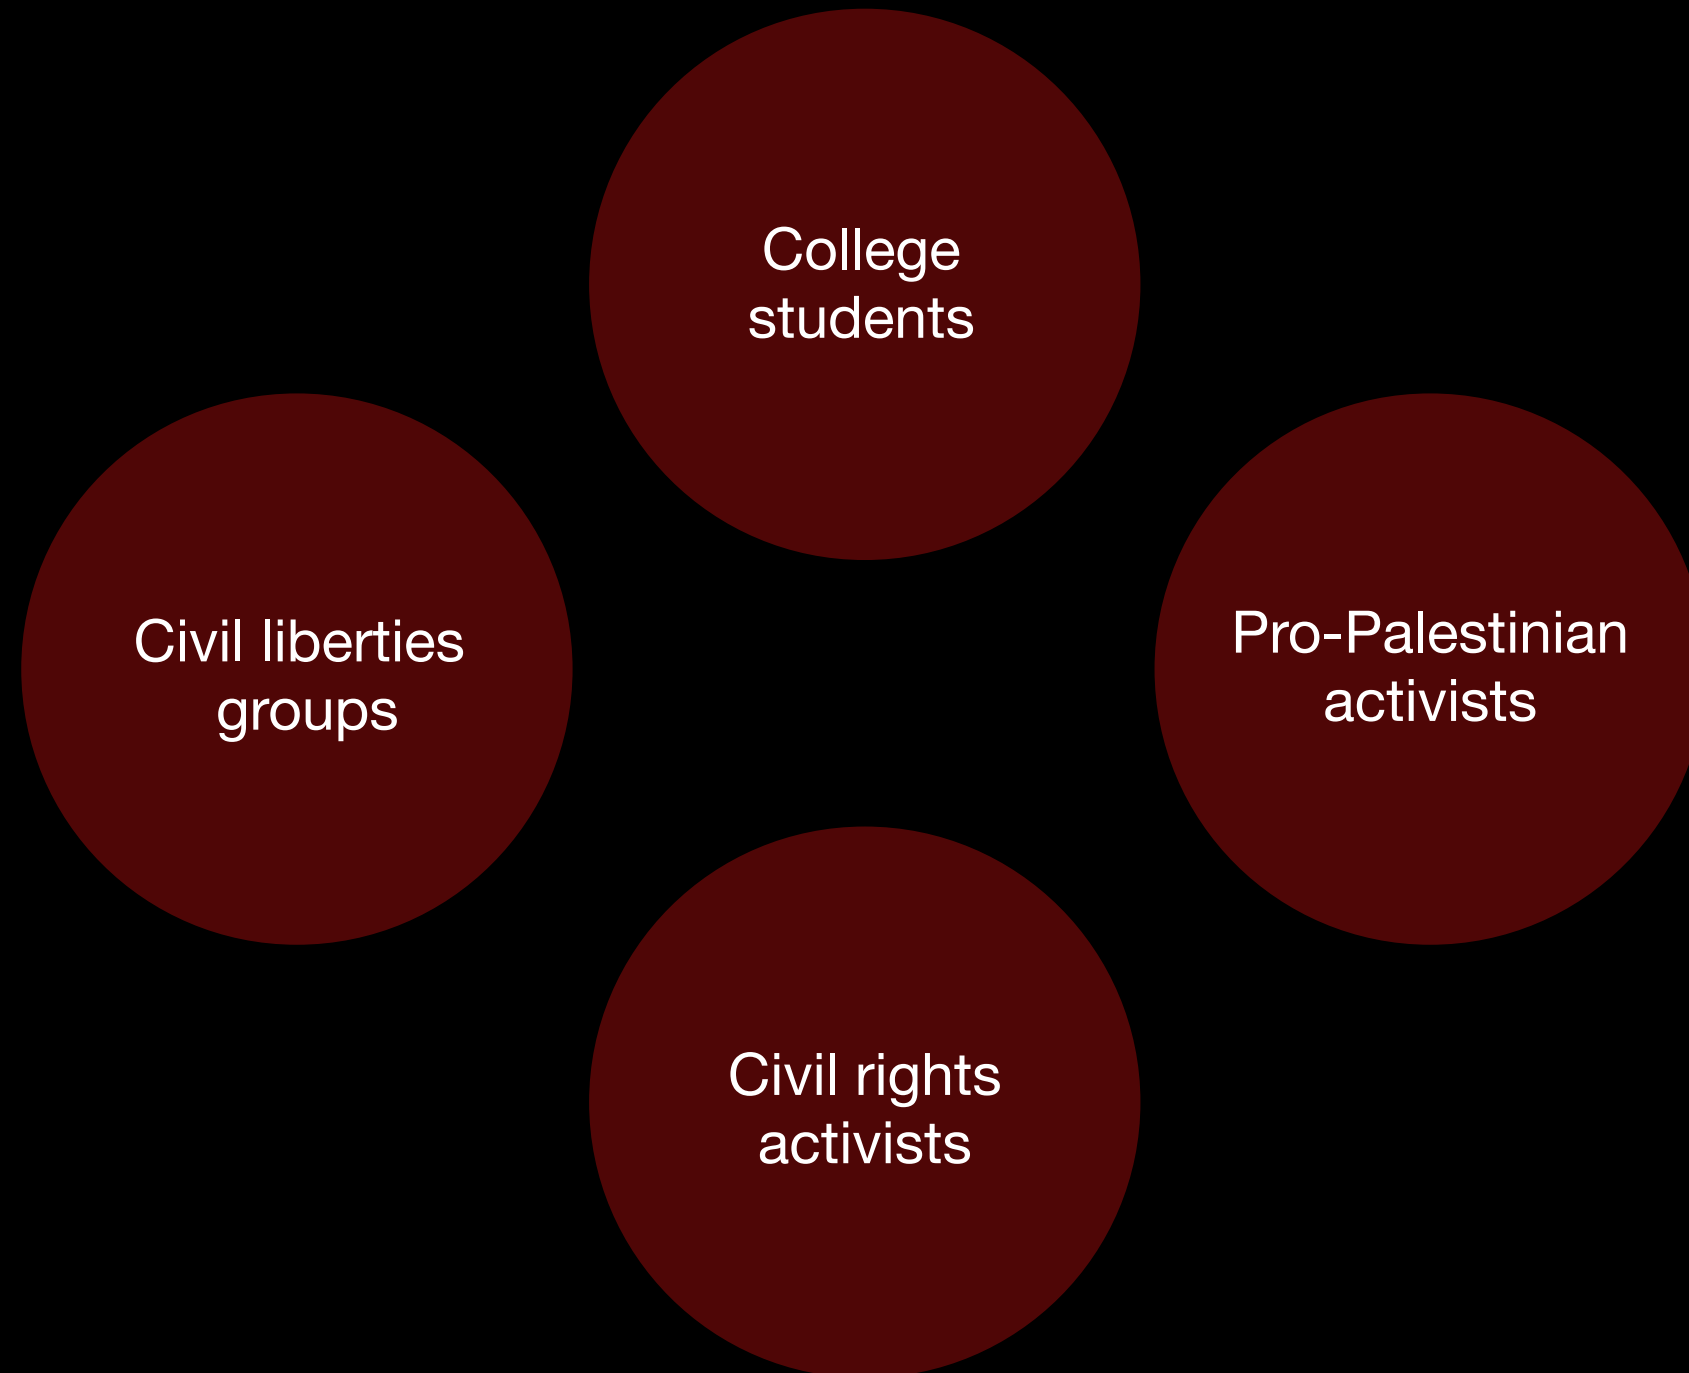

In NYC, anti-Israel protests are happening upwards of three times per day in different areas of the city.

Flyers for these events are being spread across social media with accounts that connect to millions of young people. These flyers often contain logos for sponsor groups across the bottom, and recipients often falsely assume that these are just mainstream civil liberties groups peacefully protesting for Palestinian relief. In reality, these are anarchist groups, Marxist-Leninist political organizations, and groups such as the DSA that promote Israel's destruction.

The problem is not going away even if there is a "ceasefire", every day it is taking deeper roots in social media and on college campuses across the country.

Events are ongoing and posted daily

**QATAR:** Via Students For Justice In Palestine & Campus Fellowships

**IRAN:** Via Lebanese influencers in Canada

**RUSSIA:** Via Internet Research Agency & Telegram

**CHINA:** Goldman Sachs Philanthropy Fund money laundering operation from Singapore billionaire with ties to Communist Chinese Party - Neville Roy Singham and his spouse - Jodie Evans (founder of Code Pink)

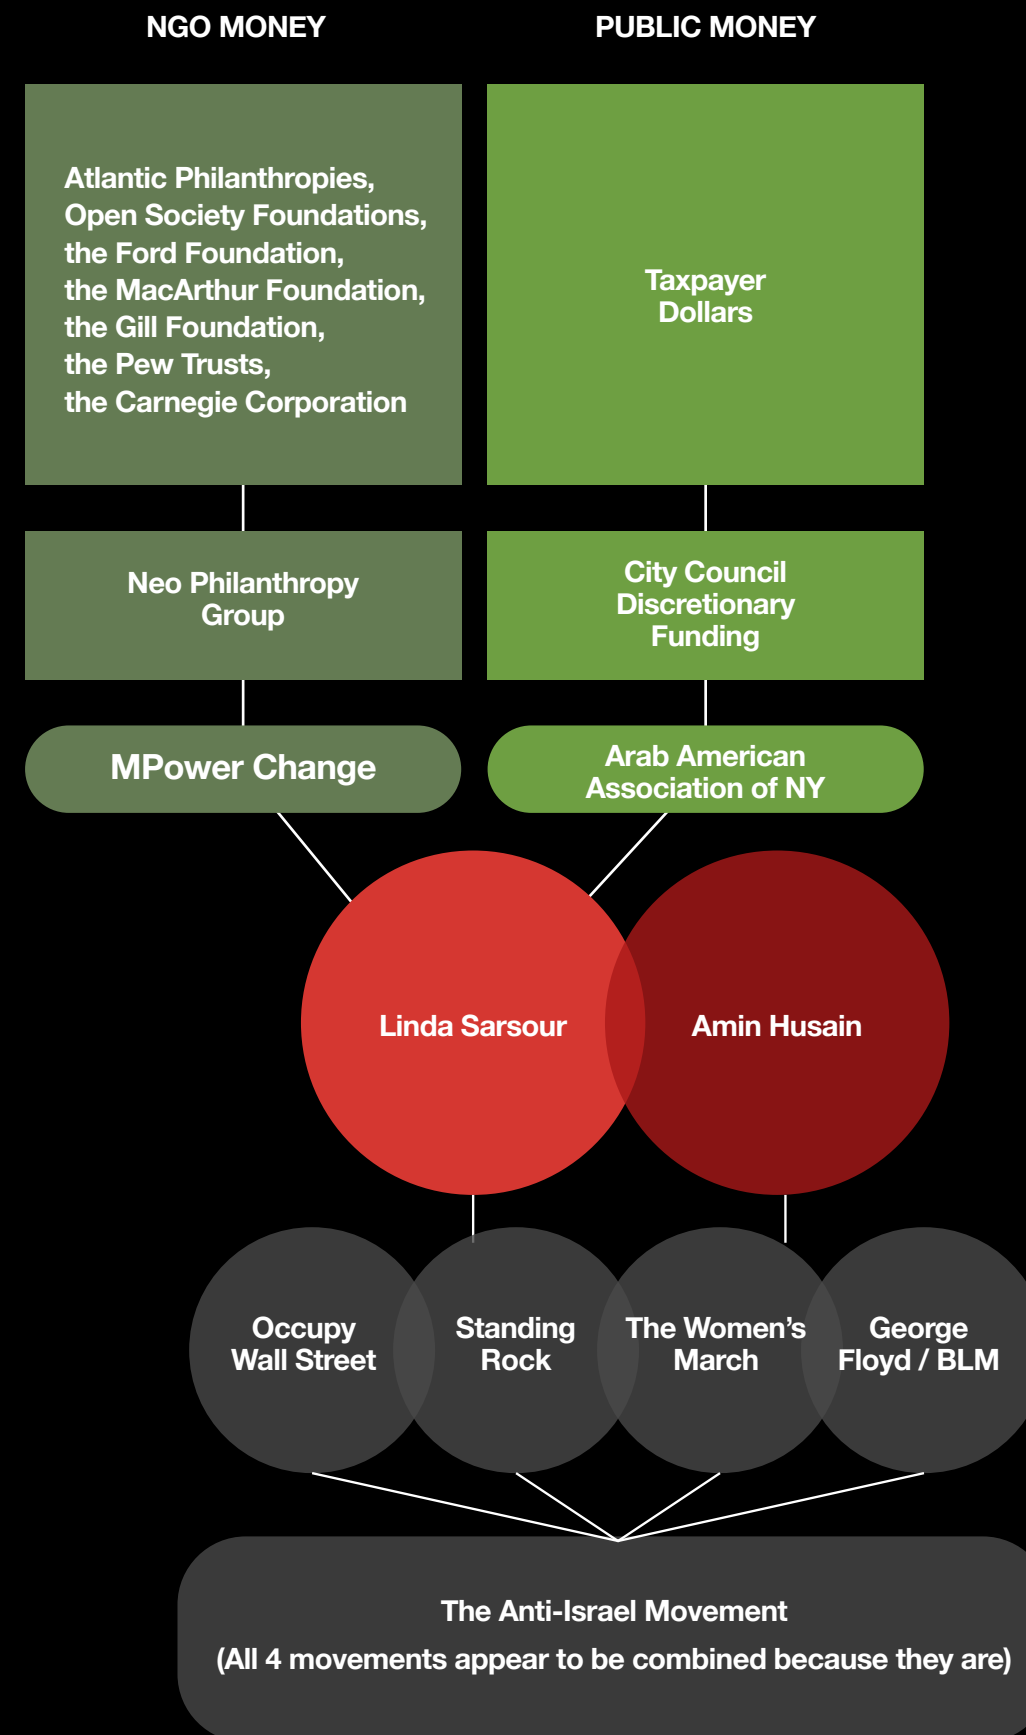

# DOMESTIC SOURCES OF ANTISEMITIC & PRO HAMAS FINANCING

- George Soros Open Society & affiliated-funded The Tides Foundation
- Goldman Sachs Philanthropy Fund
- The Rockefeller Brothers Fund
- New York City Council discretionary funding & state grants
- Tax exempt private donations to anti-Israel Jewish organizations
- Laundered donations from The People's Forum, The Party For Socialism and Liberation (PSL) and A.N.S.W.E.R. Coalition

# LINDA SARSOUR'S CENTRAL ROLE

Linda Sarsour (and Amin Husain) have organized every radical-left protestor movement in NYC since Occupy Wall Street in 2011, rolling the momentum from one initiative into another, all with the intention of thier true goal:

To build American support for dismantling the state of Israel.

## URGENT CHALLENGES:

- Rising antisemitism and its long-term consequences
- Inadequate enforcement of laws and regulations against antisemitic incitement
- Protest leaders becoming increasingly radicalized
- Protest leaders encouraging the targeting of Jews at synagogues, community centers, workplaces and homes
- Student activist groups are providing cover to extremist antisemitic operatives and organizations
- Foreign antisemitic misinformation & funding contaminating college campuses and NGOs
- Politicians and police fearful of confronting protesters who break the law

## SOLUTIONS:

- Develop new education outreach program targeting local media and non-Jewish Christian stakeholders to disseminate the sources and threats posed by antisemitic groups (use Brigantine Goyim Defense League operation as example)
- Compel social media platforms to fulfill their pledges to delete antisemitic accounts and hashtags
- Create a new Social Media Standards Board to monitor and flag antisemitic accounts and posts across social media platforms
- Create a new Social Media Early Warning Center to improve coordination among law enforcement and social media watchdog groups
- Enforce Internal Revenue regulations against tax-exempt organizations for inciting antisemitic violence
- Ban foreign funding of antisemitic organizations laundered by private equity funds and private NGOs
- End city and state grants to antisemitic operatives and organizations
- New federal legislation barring federal grants to any U.S. university that is found to be supporting antisemitic programs and groups

# TAKING ON ANTISEMITIC TAX EXEMPT ORGANIZATIONS

**File complaints to remove tax exempt status with the Inspector General of the Internal Revenue Service against:**

- Goldman Sachs Philanthropy Fund
- The Soros Open Society and Tides Foundations
- Request Congress to commence investigations into foreign-funded tax exempt organizations.

# THE COALITION CAN'T DO THIS ALONE

While the 23 central organizations have various amounts of funding (all from different sources), all it takes is one central organization to receive large amounts of funding to sustain and grow this antisemitic movement.

That organization is The People's Forum, headquartered in NYC, and it has already secured \$20.4M in funding through a Singapore based conduit of the Chinese Communist Party, Neville Roy-Singham.

His donations fund a headquarters for the People's Forum and affiliated groups. funds are used to print signage, to create social media marketing campaigns, to host events and anti-western speakers.

On February 2nd, The People's Forum held a book release party for a still-living member of the Popular Front for the Liberation of Palestine (PLFP), a terrorist group. The People's Forum's founder, Manolo De Los Santos recently made headlines for invoking Nazi rhetoric in a speech where he vowed to destroy Israel and America through revolution.

If we cannot stop the Singhams and the De Los Santos' we will not be able to reverse the consequences of their rhetoric and actions against America's Jews and their interests.
